To: Priya N. (Acme Logistics) via Gmail, from Alex

Subject: Scaling follow-ups across your new depots

Hi Priya, congratulations on the two new depots opened this quarter. Teams growing that fast often lose track of follow-ups, which is the problem we help with. Open to a short call next week?

Recommended next action

Book a demo. Priya asked for a call next week. Pause the sequence and hand off to Alex.

Why: interested reply, high ICP fit, rule v3 (hot lead).

Approve

Change

User flow from first visit to first meeting

Step 5 is the agents working in the backend. All other steps are screens the user sees.

1

Visit and sign up

Landing page, free trial, work email

2

Connect tools

Gmail or Outlook, CRM, via OAuth

3

Teach the platform

ICP, brand voice, product facts, do-not-contact list

4

Create a campaign

Short brief: goal, audience, offer, channels

5

Agents work

Research, content, outreach and inbox run in the backend

6

Review and approve

Approval queue with evidence and policy checks

7

Handle replies

Inbox shows intent, drafts, seller handoff

8

Track and improve

Lifecycle decisions, activity log, results
